Before you begin

Read the abbreviations and each complete round before starting. Keep a stitch marker or safety pin at the beginning of each round.

The written instructions and original photographs cover the body, head, nose, arms, scarf, hat and finishing. Work the two arm parts twice, as stated.

The finished size is approximately 14 × 12 cm. Use the 3.5 mm hook except for the carrot nose, which uses 2.5 mm.

Start stuffing and keep doing that as the hole becomes smaller.

R21: [1 sc, 1 dec] x6 (12)

R22: [1 dec] x6 (6)

Sew the hole together. Cut the yarn but leave a 30 cm long yarn tail.

Use a long needle and pull it through the bottom to the top of the body, make a little stitch and then pull the needle from the top down to the bottom again.

Pull the yarn a little bit. Fasten the thread and weave in the ends.

The reason for this is to make the body of the snowman stand more stable.
